

StatLab

Innovating pathology essentials. Together.

CellPath

Cassettes, prefills, H&E stains, reagents, containers

DIAPATH

Pathology equipment, prefills, H&E stains, special stains, reagents

Slides and cover glass

Poly Scientific R&D

Special stains, H&E stains, control slides, reagents

American MasterTech

Special stains, H&E stains, reagents

Prefills, H&E stains, reagents

Myr

Pathology equipment

Pyramid Innovation

Slide and cassette printers

scientific device laboratory

Microbiology control slides, stains, testing kits

Look inside and get to know the new StatLab

Supply chain certainty during uncertain times.

Through acquisitions and expanded manufacturing capabilities, StatLab is making the supply chain for preanalytical pathology products shorter, more stable, and more reliable.

What does this mean for you?

- Minimized tariff risk through focused US and EU production
- Reduced backorders
- Improved product quality
- Excellent compatibility between products

We're innovating pathology essentials. Together.

Pathology is advancing. Are your supplies keeping up?

From slides and stains to printers and cassettes, StatLab manufactures essentials for every step of the pathology workflow—so you can focus more on patient care, and less on logistics.

When you partner with StatLab, you get more than reliable supplies. You get a team committed to solving lab challenges, integrating equipment smoothly, and supporting you at every turn.

We're rethinking the essentials—so you can redefine what's possible.
We're innovating pathology essentials. Together.

GROSSING

StatClick™ NBF Prefills
Alternate Fixatives
Decalcifiers
PiSmart™ Cassette Printers

PROCESSING

Alcohols
Formalin
Xylene/Clearing Agents
ParaPro™ Paraffin

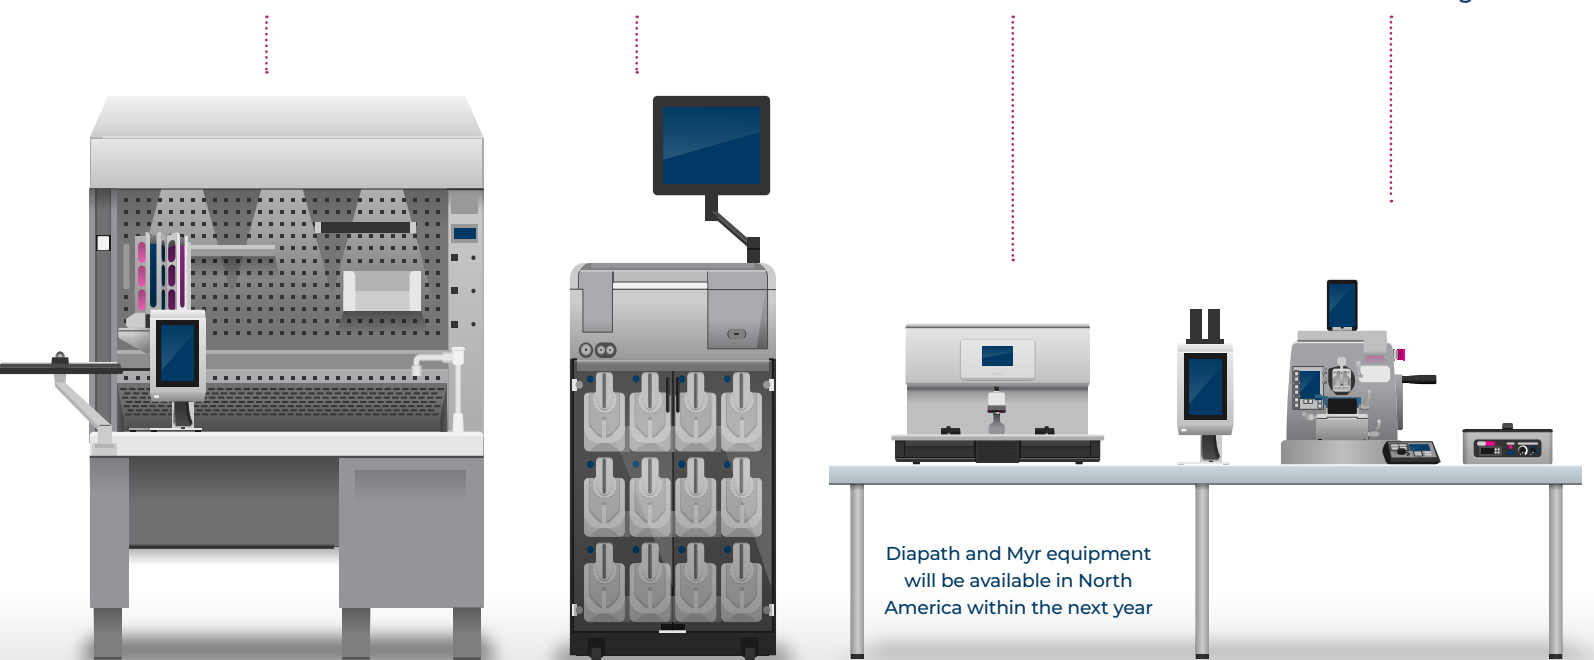

EMBEDDING

PathFlow™ Cassettes
SupaMega™ Cassettes
ParaPro™ Paraffin

MICROTOMY

KT™ Slides
KT™ Cover Glass
PiSmart™ Slide Printer
Mounting Mediums
PolarStat™ Embedding Mediums

What are the benefits of working with a company who manufactures pathology workflow essentials?

✓ **RELIABLE AVAILABILITY**

A US- and EU-centric supply chain ensures you get what you need, when you need it

✓ **CONSISTENT QUALITY**

Innovative, high-performance products help you work more effectively when it matters most

✓ **END-TO-END COMPATIBILITY**

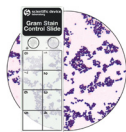

Our products and equipment are designed to work seamlessly—so you can, too

STAINING

Premium H&E Stains
MasterTech™ Special Stains
Poly Scientific R&D™ Special Stains
Cytology Stains
Stain Reagents

CONTROLS

TruQ™ Bioengineered Controls
Histology Tissue Controls
Microbiology Controls

Join thousands of laboratories around the globe who rely on StatLab for their histology and cytology workflow essentials.

Throughout our partnership, StatLab has consistently demonstrated a deep commitment to excellence, quality, and a strong focus on delivering value for our laboratory. Their KT™ Premium Slides have been a game changer in our staining process.

Dina, Oneida Health

I can always rely on StatLab for their quality and diversity of products. All of this contributes to providing excellent patient care!

Hannah, Artius Dermatology Associates, PC

We're always stocked because StatLab always has supplies in stock and ships quickly.

Jaymie, ADCS

The PiSmart cassette and slide printers interfaced seamlessly with our LIS by the full support of the StatLab team. In the event there is an issue the StatLab support team is readily available and able to easily walk you through troubleshooting.

Kelly, Digestive Disease Consultants

Work with StatLab through your distribution partner or directly with us.
